SUMMARY

Computer Science Engineering student (2026 graduate) with strong proficiency in Python and experience in full-stack and backend development. Built real-world applications including a fake content detection system using Python and NLP. Skilled in REST APIs, database integration, and scalable application development. Seeking an entry-level role to apply technical skills and grow as a software engineer.

EDUCATIONAL QUALIFICATION

- | | |
|--|-------------------------|
| ❖ B. Tech - CSE IES College Of Technology, Bhopal | CGPA: 7.5 2026 |
| ❖ XII (JAC) RK+2 Rahmaniya High School, Tara | 81% 2022 |
| ❖ X (JAC) UP Graded High School, Mohammadganj | 85% 2020 |

TECHNICAL SKILLS

- ❖ **Programming Languages** – Python | Java (Basic) | C (Basic)
- ❖ **Frontend** – React.js | JavaScript | HTML | CSS
- ❖ **Backend** – Node.js | Express.js
- ❖ **Database** – MongoDB | PL/SQL
- ❖ **Core Concepts** - REST APIs | Backend Development
- ❖ **Tools** – Git | VS Code | MS Excel

PROJECTS

- ❖ **TRUTHLENSAI – Fake Content Detection System | Python, NLP**
 - Developed a system to detect fake or misleading content across text, PDFs, images, and videos.
 - Implemented preprocessing and analysis logic using Python and NLP techniques.
 - Handled multi-format data processing and content evaluation.
 - Built logic to analyze and verify content authenticity.
 - Optimized preprocessing techniques to improve content analysis performance.
- ❖ **REWEAR – Community Clothing Exchange Platform | MERN Stack**
 - Developed a full-stack web application with secure authentication using JWT .
 - Designed responsive UI using React and Tailwind CSS.
 - Integrated frontend with backend using REST APIs.
 - Managed database operations using MongoDB.

ACHIEVEMENTS / CERTIFICATE

- | | |
|--|-------------|
| ❖ Advance Diploma in Computer Application | July - 2022 |
| ❖ Foundation Of Cloud IOT Edge ML | Apr - 2024 |
| ❖ Google Cloud Computing Foundation | Oct – 2024 |
| ❖ Introduction to Database | Oct – 2025 |

HOBBIES & INTEREST

- ❖ **Watching tech and productivity content**
- ❖ **Listening to music and exploring online content**
